

# CoNET *Philadelphia* Consultants Network

## **Membership Application for IEEE Philadelphia Consultants Network 2010**

The **mission** of the IEEE Philadelphia Consultants Network (CONET) is to improve our technical consulting businesses by sharing and expanding our technical knowledge and our business capabilities. Our Web site is [www.PhilaCONET.com](http://www.PhilaCONET.com) .

Most of us are electrical, electronics, or computer experts who are, or who aspire to be, independent consultants. CONET is one of many consultants networks which are affiliated with the IEEE – in our case through the IEEE Philadelphia Section.

**Meeting** topics and speakers are selected to appeal to a variety of technical professionals. CONET meetings are typically held in March, May, October, and December. Two meetings in the first half of 2010 dealt with how to obtain business referrals and how to present yourself professionally on your Web site.

**Members** consist of those individuals who pay the Annual Fee for Service -- normally tax deductible. Members are listed in the Directory at [www.PhilaCONET.com](http://www.PhilaCONET.com) and may attend CONET meetings at no charge. (Meals are optional at below cost.)

Members receive e-mail notifications of new consulting opportunities and important announcements, and we make effective referrals within the Network.

Although the **Directory** has maintained previously listed members as a courtesy, it is being entirely **recompiled for 2010**. Membership for the second half of 2010 is half the \$80 Annual Fee for Service. Please submit this form by postal mail to the Treasurer:

David Horowitz  
367 Ramsey Road  
Yardley PA 19067

Enclose **\$40** (payable to CONET).  
Due date for listing in the Directory is 2010 June 10.  
Unpaid individuals will be dropped.

Member personal name: \_\_\_\_\_

E-mail for CONET correspondence: \_\_\_\_\_

The existing Directory listing for me is satisfactory.

Corrected or new information will be submitted. (Instructions will be sent.)

For questions you may call Roger L. Boyell at 856-234-5800 or e-mail [boyell@ieee.org](mailto:boyell@ieee.org) .
